

St. Joseph Catholic School

Parents and students of Saint Joseph Catholic School,

The number of students who enroll in our school continues to move up, which is wonderful, but even more important, the quality of our school continues to escalate. With every great teacher we have brought into the school, with more and more families becoming more and more active in the life of the school, we continue to grow and improve.

Make no mistake about it, we are a Catholic School and not just another private school. Faith, morals and right behavior are expected and enforced from all connected with our school. Because of this, visitor after visitor to our school has made the decision to entrust to us the most precious gift that God has given to them: their child. We thank you for your trust, and know that we do not take this trust or responsibility lightly.

Our goal at Saint Joseph Catholic School is to make the world a better place, one child at a time. We thank you for allowing us the privilege of working with you and with your children. We believe that all are created in the image and likeness of God; the presence of your child in our school makes that image a little bit more clear.

Schools are not just for children, they are an investment of families, and we welcome your participation and input. May God continue to bless you and your families as we continue to move hand in hand ever closer to Him.

Fr. Kevin Ratterman
Supervising Pastor of
Saint Joseph Catholic School
